LEGAL HOLD SIMPLIFIED

# Mitratech LegalHold

---

**Simple. Easy. Defensible.**

Control your legal hold process with an intuitive  
and quick-to-implement solution.

# Your duty to preserve starts the **moment you learn** of litigation.

**Manual or traditional approaches of the legal hold process are difficult,** costly, error-prone and leave your enterprise open to risk.

Mitratech LegalHold simplifies the process with an easy-to-use SaaS solution to mitigate risk, reduce costs and give you control of the entire legal hold process.

## THE EXPOSURE TEST

### Does your current process leave you exposed?

Is it difficult for your legal department to identify the location of all data that may need to be collected?

Is it hard to efficiently deliver instructions to custodians for preserving that information?

Can you prove you've taken reasonable step to accomplish this, so you can prevent increased risk and negative consequences during litigation?

# Reduce risk & cut costs with Mitratesch LegalHold

**Intuitive design  
maximizes efficiency**  
for both the legal  
department and  
custodians who must  
attest to their obligations.

**The easy-to-use SaaS  
solution for mitigating the  
risks and costs** of entire  
legal hold process,  
supported by a global  
leader in legal technology.

**A standardized,  
repeatable process  
reduces the risk** of  
potential evidence being  
deleted, and can stand  
up to judicial scrutiny.

## 4 simple steps for legal hold process management

01

Create a hold using predefined templates & notifications

02

Select potential custodians through Active Directory & HR integration

03

Execute the hold with automatic notifications & escalations

04

Instantly report on results

# Why Mitratesch LegalHold?

End-to-end Control of Your Legal Hold Process

**01**

## Intuitive

- An intuitive modern design for both the legal staff and custodians
- Mobile Readiness & Single Sign On for Custodians

**02**

## Efficient

- Customizable legal hold templates and notifications
- Automated reminders and escalations

**03**

## Comprehensive

- Manage a legal hold process from start to finish in 4 easy steps
- Focus on legal hold rather than e-Discovery

**04**

## Integrated

- Integration with TeamConnect
- Integration with Active Directory, HR, ELM and eDiscovery systems

**05**

## Defensible

- Easy hold response tracking including time and date stamps
- Out of the box reporting and complete audit trail

**06**

## Impact

- 75% of the total staff time devoted to the legal hold process is eliminated
- Drive the 100% compliance that is required to avoid sanctions, fines, and poor legal outcomes
